

Guidelines For Preliminary Design Of Culverts

Revised
April 2000

Highway Division
Engineering Bureau
Office of Bridges and Structures

Iowa Department of Transportation

July 2011: References to the preliminary bridge guidelines have been removed. For preliminary bridge guidelines, see the Iowa DOT Office of Bridges and Structures LRFD Design Manual, Chapter 3.

TABLE OF CONTENTS

	Page
Culverts	
General drainage policy	1
Hydrology	1
Hydraulics	2
Size	2
Type	3
Settlement and Camber	4
Horizontal Alignment	4
Vertical Alignment	4
Culverts in Series	5
Length Determination.....	5
Slope Tapered Inlets	5
Drop Inlets.....	6
Flumes and Scour Floors	6
Median Pipes.....	7
Letdowns	7
Extensions.....	8
Culvert Liners	8
Minimum Cover	10
Uplift of Culvert Inlets	10
Bends and Elbows.....	10
Road Details (Typicals)	11
Plan Preparation.....	11
Pink Sheets	12
Approvals	12
